

IEEE CIT 2016

The 16th IEEE International Conference on Computer and Information Technology
Shangri-La's Fijian Resort and Spa, Fiji
7-10 December 2016

ORGANISATION COMMITTEES

General Chairs

A B M Shawkat Ali, The University of Fiji, Fiji
Yang Xiang, Deakin University, Australia
Albert Zomaya, The University of Sydney, Australia

Program Committee Chairs

Jiannong Cao, The Hong Kong Polytechnic University, Hong Kong
Qun Jin, Waseda University, Japan
Xiaodong Lin, University of Ontario Institute of Technology, Canada
Vincenzo Piuri, Università degli Studi di Milano, Italy

Program Committee Vice-Chairs

Aniello Castiglione, University of Salerno and University of Naples, Italy
Yu Wang, Deakin University, Australia
Jun Zhang, Deakin University, Australia

Publicity Chairs

Al-Sakib Khan Pathan, Southeast University, Bangladesh
Yi Qian, University of Nebraska-Lincoln, USA
Xin Zhu, The University of Aizu, Japan

Workshop Chairs

Md Zakirul Alam Bhuiyan, Temple University, USA
Wenxi Chen, University of Aizu, Japan
Sheng Wen, Deakin University, Australia

Finance Chair

Neeraj Sharma, The University of Fiji, Fiji

International Advisory Committee

Mohammed Atiquzzaman, University of Oklahoma, USA
Hsiao-Hwa Chen, National Cheng Kung University, Taiwan
Hai Jin, Huazhong University of Science and Technology, China
George A. Papadopoulos, University of Cyprus, Cyprus
Wanlei Zhou, Deakin University, Australia

IMPORTANT DATES

Paper Submission Due: 30 September 2016

Author Notification: 20 October 2016

Camera-ready Due: 30 October 2016

Registration Due: 30 October 2016

Conference Date: 7-10 December 2016

IEEE CIT 2016 is the 16th edition of the highly successful International Conference on Computer and Information Technology. The goal of the conference is to provide a forum for scientists, engineers and researchers to discuss and exchange novel ideas, results, experiences and work-in-process on all aspects of computer and information technology. CIT has become a major platform for researchers and industry practitioners from different fields of computer and information technology. Each year, CIT attendees appreciate and benefit from multidisciplinary exchanges in computer and information technology. In previous years, CIT has attracted many high quality research papers spanning over the various aspects of information technology, computing science and computer engineering. These papers highlight foundational work that strives to push beyond limits of existing computer technologies, including experimental efforts, innovative systems, and investigations that identify weaknesses in existing IT services.

IEEE CIT 2016 will be held on 7-10 December 2016 in Shangri-La's Fijian Resort and Spa, Fiji, co-located with SC2-2016, IOV 2016, and IEEE SocialSec 2016.

Topics of particular interests include but are not limited to:

- Information Technology
- Computer Science
- Signal Processing
- Networking and Internet of Things
- Reliability, Security, Privacy and Trust
- Applications, Business and Social Issues
- Database and Data Management
- Software Engineering
- Microwave and Radar
- System Software and Software Engineering
- Pattern Recognition, Data Mining and Artificial Intelligence
- Information Technology for Biomedicine and Smart Health
- Wireless Communications
- Mobile Multimedia Communications
- Wireless and Mobile Computing
- Future Internet
- Cellular Network and 5G
- Social Computing and Social Network
- Web Technologies

Selected papers presented at the CIT 2016 will be invited to consider submission for special issues in Future Generation Computer Systems (Impact Factor: 2.430) and Concurrency and Computation: Practice and Experience (Impact Factor: 0.942).

AUTHOR GUIDELINE

All papers need to be submitted electronically through the paper submission system (<http://cse.stfx.ca/~cit2016/sub/>) with PDF format. The materials presented in the papers should not be published or under submission elsewhere. Each paper is limited to 8 pages (or 10 pages with over length charge) including figures and references using IEEE Computer Society Proceedings Manuscripts style (two columns, single-spaced, 10 fonts). You can confirm the IEEE Computer Society Proceedings Author Guidelines at the following web page: <http://www.computer.org/web/cs-cps/>.

Once accepted, the paper will be included into the IEEE conference proceedings published by IEEE Computer Society Press (indexed by EI). At least one of the authors of any accepted paper is requested to register the paper at the conference.
